Engine	Volvo D6, 440 HP common rail diesel engine

Cutwater's Command Bridge variation of the stylish C-30 features upper and lower helm stations for expanded cruising options. With seating for four on the command bridge and a helm seatback that flips forward to face the aft seat and table, you and your guests can enjoy the best view in the harbor. The C-30 Command Bridge features a retractable fiberglass command bridge dash for trailering that enables distant locations to be within easy reach. Access to the command bridge is made safe via secure stairs and hand rails. This family cruiser offers all the advantages of Cutwater's C-30 Sedan, in a large boat that provides spacious interior room, a long list of standard features and comfortable onboard living. An ingenious new cockpit seating arrangement welcomes up to eight adults without crowding, and a new Euro-style galley conceals appliances beneath a hinged countertop that is ideal for buffet or refreshment service.

The Cutwater 30 Command Bridge accommodates six guests in three separate berths, for exceptional privacy and comfort even on extended cruises. On the foredeck, two flush hatches open to reveal cushioned, secure observation seats, along with a central forward lounge. Add to this a long list of other features, and the reliable performance of a 440-h.p. Volvo inboard for efficient express service to distant waterways, and you have a versatile cruiser that ensures unsurpassed enjoyment, year after year.

MODEL FEATURES

LOWER AND UPPER HELM STATION GARMIN NAVIGATION PACKAGES

The lower helm station features a Garmin 8612xsv Chartplotter. The command bridge helm station is equipped with an 8612 Chartplotter. Both units utilize xHD radar, sonar, ais receiving and autopilot with remote. Easily monitor fuel flow, engine data, bottom conditions, GPS location, tides and more from either station.

FULL GALLEY

The C-30 CB is well equipped with a full galley for extended cruising. Meal prep is a fun and easy with a refrigerator/freezer, large stainless sink with hot/cold water, a wine/water cooler and a stainless propane stove and oven combination or electric cooktop with convection microwave oven.

MULTI-USE SEATING

The aft bulkhead window opens, and dinette seat transforms to create a rear facing seat. Our sunset seat and expanding gunwale seats comprise the social cockpit layout capable of hosting up to 7 adults.

ADVANCED CUTWATER HULL

By aerating the running surface and reducing friction, the C-30 Command Bridge's stepped hull provides significant performance and efficiency gains. The low shaft angle and robust keel are a hallmark of our inboard design, increasing efficiency and protecting the propeller.

COMMAND BRIDGE

Safely accessed by staircase, the command bridge features seating for four as well as a dining table, providing you with an entirely new perspective when entertaining or navigating. The command bridge helm station features a Garmin 8612 chartplotter, bow/stern thruster controls, autopilot, VHF and Volvo engine controls.

TRAILERABLE 10FT BEAM

The 10' beam of the C-30 CB allows for a spacious, functional interior while maintaining the ability to trailer your boat to remote and inland destinations. Trailering also provides more options for storing your boat when not in use.

STANDARD FEATURES

PERFORMANCE
