Water capacity	41 US gal 155.2 L
Waste capacity	25 US gal 94.6 L
Weight, dry	10,000 lbs 4,536 kg
Engine	Twin Yamaha F250 outboards

True to the Do-It-All nature of Cutwater Boats, the C-288 C is loaded with premium features as standard equipment, providing unsurpassed versatility. The contemporary Downeast design is set to turn heads wherever she'll roam, and avid cruisers will appreciate the abundant power produced by the twin counter-rotating Yamaha F250 outboards.

The C-288's advanced hull design delivers the perfect blend of performance, comfort and efficiency thanks to the double-stepped deep-V hull, Laminar Flow Interrupters and a stout 10' beam. The generous beam maximizes cabin area and on-water stability while remaining trailerable.

Boarding is made safe and easy with our Clear-Path swim platform which fully wraps around the outboard engines. In the cockpit, you'll find ample storage, rod holders, beverage holders, livewell, electric grill and more. The cockpit transforms into a social space providing seating for six with the convertible sunset seat, fold down gunwale seats and an opening glass bulkhead lounge. The overhead solar panel and sport racks allow for extended cruising and storage for SUPs, kayaks, bikes and more.

Step inside the salon and you'll find your home on the water, with a full galley featuring a stovetop, stainless-steel sink with pull-out rinse faucet, fridge/freezer combo, microwave convection oven, cabinetry, and a wine/water cooler. The helm is a Captain's dream with a Garmin chartplotter, Yamaha Autopilot, sonar, xHD radar, color engine displays and a twin-lever electronic throttle control.

You'll remain comfortable in any weather with the climate-controlled interior featuring sliding overhead hatches and opening portlights. Separate accommodations for six include a forward stateroom, spacious mid-berth and a private head with shower. The C-288 Coupe is the complete package for extended cruising, fishing, remote work, and more.

MODEL FEATURES

GARMIN CHARTPLOTTER & XHD RADAR

Navigation is fun and accurate with Garmin touchscreen chartplotter, equipped with GPS, sonar, and xHD radar. Easily monitor fuel flow, engine data, bottom conditions, GPS location, tides and much more.

FULL GALLEY

The C-288 C comes well equipped with a full galley for extended cruising. A propane stove top and convection microwave oven allows convenient cooking. The versatile galley is rounded out with a large galley sink, and refrigerator/freezer combo.

MULTI-USE SEATING

The aft bulkhead window opens, and dinette seat transforms to create a rear facing seat. Our convertible transom and gunwale seats comprise the social cockpit layout capable of hosting up to 5 adults.

ADVANCED CUTWATER HULL

The C-288 C hull features an innovative combination of a steep, deep-V hull for a smooth ride, a keel pad for planing stability, and reversed chines for quick planing and reduced cornering roll. The double-stepped hull increases efficiency and performance and reduces fuel consumption while the laminar flow interrupters provide smooth, positive cornering performance.

LUXURIOUS FORWARD STATEROOM

The forward stateroom is your resort destination, where, right outside your door, the scenery is always changing. You'll feel fully at home with a flatscreen TV, Bluetooth Fusion stereo, opening hatches, closet, cabinetry, and RGB LED accent lighting.

TRAILERABLE 10FT BEAM

The 10' beam of the C-288 C allows for a spacious, functional interior while maintaining the ability to trailer your boat to remote and inland destinations. Trailering also provides more options for storing your boat when not in use.

STANDARD FEATURES

PERFORMANCE

Twin 250 HP Yamaha F250 outboards w/ electric steering (DES)

Double stepped hull

Electric trim tabs

Laminar flow interrupters

Bow thruster

Trailerable - 10' beam
